It is a matter of joy for all of us to have with us the public shareholders for the first time in the Annual General Meeting of the Company. I personally welcome and congratulate the public shareholders in this general meeting. Now, the Express family is 'biggest and strengthened' ever.

First of all, I desire your all round support, co-operation, trust and contribution towards all round prosperity of the Company in the days to come. Director's reports and Auditors reports together with Annual Accounts for the year ended 2019 show the performance of the Company.

As you know, the Insurance Development and Regulatory Authority (IDRA) has taken a series of reform action and series of circulars has been issued to bring good corporate practices with a view to establish the professional management and to create healthy environment in the insurance sector. The stakeholders of the insurance industry are welcomed by all steps taken by the Insurance Development and Regulatory Authority (IDRA). I am also pleased to let you inform that during the year under review premium income, net profit etc. increased substantially than the previous year. We are committed to continue this trend to increase of premium income in this year too.

Numbers of insurance companies do not match with the size of economic activities of the country, and hence the stiff competition is still going on in the insurance industry. Besides, huge insurable properties of the country are beyond the insurance coverage. Non-professional practices are also another barrier to grow up this sector.

However, our total team is now inspiring to hard work to increase business volume to make higher profit and try to diversify the investment so that performance of the current year will be better and satisfactory. I hope my all staffs including the Branch Managers will devotedly work hard for better future of EIL family.

In fine, sincerely thanks to our Hon'ble Chairman, Vice Chairman, Board of Directors, Executive Committee, Claim Committee, Audit Committee and the public shareholders for their unstinted support and co-operation in managing the Company.

DIRECTORS' REPORT TO THE SHAREHOLDERS

Bismillahir Rahmanir Rahim

Dear Members,
Assalamu Alaikum Wa-Rahmatullah

The Board of Directors of Express Insurance Limited takes the pleasure in presenting the Annual Report in this 20th Annual General Meeting before you and the Audited Financial Statements for the year 2019 along with the Auditors Report there on.

Before going into detail performance of the Company, a brief review of the global economic situation along with the status of the domestic economy in 2019 has been provided to enable broad understanding of the operating environment.

Global economy :

Global growth for the year 2019 recorded its weakest pace since the global financial crisis a decade ago, reflecting common influences across the countries. The slowdown in global growth in 2019 reflects lower growth in several key countries and regions. In a report published by the UN trade and development body, UNCTAD reported that 2019 endured the weakest economic expansion in a decade and there was a risk of that slowdown turning into outright contraction in 2020. Weaker growth both in advanced and developing countries now has created the possibility of a global recession in 2020. The report further warned that policy makers should put their increased attention to dealing with fallout from trade wars & Brexit, currency gyrations and movements in longterm interest rates.

The out break of the COVID-19 pandemic is inflicting high and rising human cost world wide, and the necessary protection measures are seriously impacting economic activity. As a result of the pandemic the global economy is projected to contract sharply by 3 percent in 2020, much worse than during the 2008-2009 financial crisis.

A Review of Bangladesh economy :

Bangladesh economy maintained a steady growth of 8.15% during FY 2018-2019 exceeding the 7.86% growth rate achieved in previous year. The growth was supported by strong domestic, external demand, remittance inflows, strong private sector credit growth, and higher growth in investment-related impot. It is proved that Bangladesh Economy maintained its macro-economic stability and high growth trajectory by overcoming all types of internal and external barriers.

Agricultural sector contributed 13.6 percent of GDP in FY19 and this growth was mainly supported by the growth of fishing, forest related services and animal farming subsector. Industry sector contributed 35.0 percent of GDP, and grew by 12.7 percent in FY19, up from 12.1 percent in FY18. This growth was supported by strong growth of manufacturing and electricity, gas and water supply sub-sectors. The services sector accounts for the largest share of GDP, although the share is gradually diminishing. In FY19, 51.4 percent of GDP came from this sector which was 52.1 percent in FY18.

Service sector grew by 6.8 percent, slightly up from 6.4 percent growth in FY18. The growth of major components of services sector-like, health and social works, wholesale and retail trade, repair of motor vehicles, motorcycles and personal and household goods, hotel and restaurants, education and transport, storage and communication increased. The 12 month average general inflation edged down to 5.5 percent in June 2019 with low volatility, well below the targeted ceiling of 5.6 percent mainly supported by a good crop harvest and lower global food prices. Foreign exchange reserves held by the Bangladesh Bank reached the highest peak.

Industry Outlook:

It is well known to you all that a total of 46 non-life insurance Companies are operating in the country. Nos. of Companies do not match with the size of the economy. In spite of that, the insurance industry in Bangladesh has a great prospect because of a number of reasons such as the sustainable growth rate of the country's GDP and per capita income, growth of the market size, increasing population and a rapid shift of the economy from a consumption one to a manufacturing one, especially through expansion and diversification of entrepreneurship in both urban and rural areas. It is also observed that the high and middle-income people and the companies running businesses with some success are becoming more conscious about their safety and therefore, the insurance businesses may see their prospect in coverage of the risks. The prospect of development of insurance business will depend on the growing understanding of the people and businesses of the facts that insurance provides safety and security through various types of the insurance products. A series of reforms action has been taken by the Insurance Development and Regulatory Authority (IDRA) with effect from 1st August, 2019. Result of these reforms steps are gradually becoming visible. We are also hopeful that reforms will be effective & will bring discipline in this sector.

Besides, the terms & conditions of Re-insurance Treaty as given by the state owned Sadharan Bima Corporation, the only re-insurer in the country, may push the Company in to a high risk. The Government decision to set up the Insuracne Development and Regulatory Authority (IDRA) was welcomed by all at its formation a few years back. <p>opportunities and continuation with operational and maintenance over heads. Furthermore, to extend that there are Control deficiencies-A control deficiency exists when the design or operation of a control does not allow management to prevent or detect misstatements in a timely manner. Design deficiency occurs when: a requisite control is missing, or an existing control is ineffective because it is not properly designed.</p> <p>Economy is the lifeline of the Country, institutions, community, environment and individuals. Providing finance is neither fruitful nor rewarding, unless effective feedback provides transparency and accountability and assists in educating the market. That, in turn would assist improving the process itself; while also embedding the proper cause and effect mind set within involved people and processes that is critical to achieving better results and further to improve the standard of submissions in the future. If these are not made sustainable; the money, time and resources will not be appropriately applied to defend the total investments. The Challenges ahead are huge, that would be addressed both by invention and discoveries and also with cognizance to the nature and nurture. Last but not the least, there is always light at the other end of a tunnel.</p>	<p>On collective success assurance upon COVID, company is committed to visualize that authority always flows from top to bottom, responsibility flows from bottom to top and communicating across the company that, accountability cannot be delegated and escaped.</p> <p>Auditor's extended professional skepticism and judgments-based assurances under the circumstances, and relatively practicable support in the interest of Country's insurance business to a broader perspective.</p>

Other information

Management is responsible for the other information. The other information comprises all of the information in the annual report other than the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of the auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with Governance for the Financial statements and internal controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, the Companies Act 1994, the Insurance Act 2010, the Insurance Rules 1958, the Securities and Exchange Rules 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
